BALANCE OF INTERNATIONAL SERVICES

As per results of the first quarter of 2011, the balance of international services was formed negative in the amount of US\$ 62.0 million, which is in 4.1 times more as compared to the corresponding period of 2010. This index was formed as a result of increase in services, received by residents, by 8.7 percent, at simultaneous decrease in services, provided to non-residents, by 15.2 percent.

Turnover of international services decreased by 2.8 percent and constituted US\$ 384.1 million.

Chart 3: Balance of international services
in percent to GDP

Export of services in the first quarter of 2011 decreased by US\$ 28.8 million. This was provided by decrease in export on such items of international services as "transportation services" (by 26.2 percent) and "business services" (by 10.5 percent).

Export of "transportation services" amounted to US\$ 29.6 million, which constitutes 18.4 percent from the total volume of export of services. This decrease was provided by reduction of services, provided to non-residents, by railway and air transportation by 25.2 and 7.7 percent correspondingly.

The volume of export of services on the item "trips" decreased to 66.6 million US\$ and constituted 41.4 percent from the total volume of export of services. At that, there was decrease in provided services on the item "business trips" and "personal trips".

Export of services on the item "business services" decreased to US\$ 30.0 million. The share of this item constituted 18.6 percent in the total volume of export of services. Moreover, there was decrease in insurance services (by 36.3 percent), financial services (by 53.0 percent) and other services (by 34.1 percent), provided to non-residents.

Increase in export was noted on such items as "construction services" (in 13.8 times), "communication services" (in 2.1 times) and "government services" (by 39.0 percent). The share of these items in the total volume of export of services constitutes 9.6 percent.

In the first quarter of 2011, import of services increased from US\$ 205.2 to 223.1 million. The largest influence on formation of import of services was caused by transportation services, which occupy 43.7 percent in the total volume of import of services, as well as services, received by residents during their staying abroad (29.5 percent) and business services (17.1 percent).

Import of transportation services was formed in the amount of US\$ 97.6 million, having increased by 10.9 percent as compared to the corresponding index of 2010. This growth was provided by increase in import of services, provided by air and automobile transportation by 38.0 and 57.4 percent correspondingly.

As for the items "business services" and "other services", increase constituted 66.3 and 27.9 percent correspondingly. Their total share constituted 20.8 percent from the total volume of import of services.

Decrease in volumes of received services was noted on such items as "trips" (by 1.2 percent), "construction services" (by 81.5 percent), "financial services" (by 72.4 percent), "computer and informational services" (by 45.3 percent) and "government services" (by 21.3 percent). Their total share constituted 32.5 percent from the total volume of export.

INCOMES

As per results of the first quarter of 2011, negative balance of incomes constituted US\$ 192.3 million, which is by 34.1 percent more as compared to the first quarter of the previous year.

The growth of negative balance of this item was mainly due to increased income of foreign direct investors from performance of investing activities in Kyrgyzstan. Thus, the negative balance of "incomes on direct investment" increased by 40.7 percent and constituted US\$ 176.1 million.

Changes in interest payments on previously received loans by the public sector affected reduction of the negative balance of income on the item "other investments" to US\$ 8.6 million.

During the reporting quarter, the balance of the item "remuneration" was negative in the amount of US\$ 7.7 million; this indicator increased by 6.6 percent as compared to the corresponding period of 2010. This increase was due to excess of income of nonresidents, received from performance of activity in Kyrgyzstan, over the income, received from employment of residents abroad. In this case, it should be noted that accounting on the item, "remuneration" of residents abroad is incomplete.

TRANSFERS

The balance of current transfers in the first quarter of 2011 was formed with a surplus of US\$ 351.5 million, which is by 54.9 percent more as compared to the corresponding period of 2010.

Net inflow of current transfers to the sector of state administration (neutral presentation of the balance of

CURRENT ACCOUNT

payments) increased from US\$ 8.3 to 38.7 million. This increase was mainly due to increase in cash grants, received by the public sector.

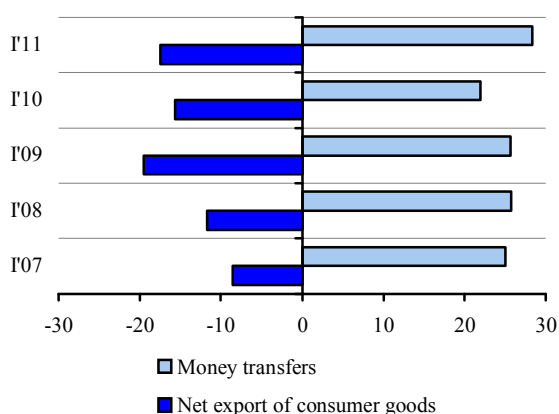

Net inflow of current transfers to other sectors (neutral presentation of the balance of payments) amounted to US\$ 312.8 million, having increased by 43.0 percent. The main share of total revenues still accounted for the item "money transfers of workers", which net inflow increased by 37.2 percent (US\$ 79.3 million) for the year.

In its case, remittances through the money transfer systems (91.0 percent) took the largest share in the gross inflow of money transfers of labor migrants.

During the reporting period, the net inflow of money transfers as compared to last year increased by 42.8 percent. At that, geographic structure of money transfers as a whole remained unchanged. In the first quarter of 2011, the main share of transfers was received from the Russian Federation (92.8 percent), United States (2.7 percent), Kazakhstan (2.4 percent) and Germany (1.6 percent). The outflow of money transfers was mainly observed to the Russian Federation (96.9 percent).

Chart 4: Balance of remittances and net export of consumer goods

in percent to GDP

The balance of money transfers still covers the net export of consumer goods, which in turn was formed with the deficit in the amount of US\$ 225.2 million.

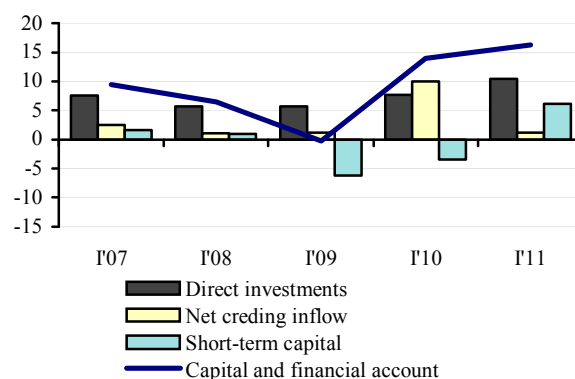

CAPITAL AND FINANCIAL TRANSACTIONS ACCOUNT

As per results of the first quarter of 2011, the balance

of the capital and financial transactions account (in analytical presentation) was formed positive in the amount of US\$ 266.6 million, which is in 6.3 times more as compared to the corresponding index of the first quarter of 2010.

Chart 5: Capital and financial account

in percent to GDP

Deficit of the capital transactions account in the first quarter of 2011 was formed in the amount of US\$ 11.4 million, which is in 2.7 times more as compared to the corresponding index of first quarter of 2010.

This item was influenced by transactions, related to movement of the capital of migrants, moving abroad for permanent residence. Thus, on the item "transfers of migrants" there was increase in outflow by 69.6 percent, which constituted US\$ 9.6 million in cost value.

As per results of the reporting quarter, balance of financial account was formed positive in the amount of US\$ 278.0 million against positive value of US\$ 46.6 million in the first quarter of 2010.

On the item "direct investment" there was increase in the surplus, which was caused by inflow of foreign direct investments into the Kyrgyz Republic to 54.2 percent. In the structure of direct investments, the main share accounted for reinvested earnings, which increased by 57.0 percent.

Increase in net inflow of foreign direct investment was developed mainly due to investments from such countries as Canada, China and Kazakhstan. The most attractive economic activities in terms of direct

investors were processing industry, financial activity and trade.

In the reporting period, the item "portfolio investment" was formed positive in the amount of US\$ 5.0 million, whereas the corresponding index of the first quarter of 2010 was negative in the amount of US\$ 73.1 million.

The value of the item "other investments" in the first quarter of 2011 was positive and amounted to US\$ 60.3 million.

In the first quarter of 2011, assets of residents decreased by 57.1 percent, which was due to a slight increase in the volume of cash monetary funds of commercial banks abroad as well as reduced accounts receivable of enterprises.

At that, liabilities of residents to the "outside world" during the reporting period increased by 39.8 percent compared to the corresponding period of 2010 and constituted US\$115.2 million.

External liabilities of the country were formed under the influence of reducing of the amount of cash and deposits of nonresidents in the banking sector by US\$ 5.2 million and decrease in credits volume by 45.0 percent.

As per results of the first quarter of 2011, net inflow

of credits into the public sector constituted US\$ 22.2 million, which was by 14.9 percent less as compared to the corresponding index of 2010. This decrease was provided by reduction of the attracted credits volume by 13.7 percent. Net position on the item "credits to the private sector" in the reporting period was formed positive in the amount of US\$ 2.3 million, whereas the corresponding index of 2010 constituted US\$ 18.5 million. Another tendency was provided by decrease in inflow of credits by 19.8 percent and increase in aggregate payments on servicing of obligations of the private sector to foreign investors by 65.8 percent.

Accounts Payable of enterprises to non-residents as per results of the first quarter of 2011 was formed in the amount of US\$ 95.9 million against negative value of US\$ 0.3 million in the first quarter of 2010.

The item "**Errors and omissions**" was formed negative in the amount of US\$ 121.1 million, which testifies about undercount of operations, related to outflow of capital from the republic or undercount of import of goods and services.

The volume of gross international reserves as of the end of the first quarter of 2011 constituted US\$ 1 802.4 million. Coefficient of coverage with gold and foreign exchange reserves of future import of goods and services constituted 4.1 months.
